**MISSIONARY BAPTIST PRACTICES AND BELIEFS**

In brief the Calvary Baptist Church believes:

1. Salvation by grace without any admixture of works. Eph. 2:8-10 Rom. 4:4-5, Rom. 11:6, Titus 3:5.
2. Congregational form of church government, the church being autonomous. Matt. 18:15-19.
3. Christ as the sole head over the church. Mark 12:10, Eph. 1:21-23.
4. Immersion as the scriptural mode of Baptism Acts 8:38-39 Romans 6:4.
5. The right of private judgment in the interpretation of the scripture. 2 Tim. 2:15 John 5:39.
6. The Scriptures as the only written authority in religious affairs. 2 Tim. 3:16-17.
7. Freedom of worship, of conscience and of speech. Heb. 10:25 Matt. 20:25-28.
8. Separation of Church and State. Luke 20:21-25.
9. The individual priesthood of all believers. Heb. 4:14-16, Rev. 5:10, John 14:13.
10. The commission of the church to carry the gospel throughout all the world and its existence on earth from His day until He comes again. Matt. 28:19-20 Matt. 16:18.

We invite everyone to attend our services, examine our doctrines and practices, and unite with us in an effort to evangelize Hamlin and the world. Call Carrell Watkins, pastor of the Calvary Baptist Church, for further information. Ph. SP 4-1792. (Adv.)

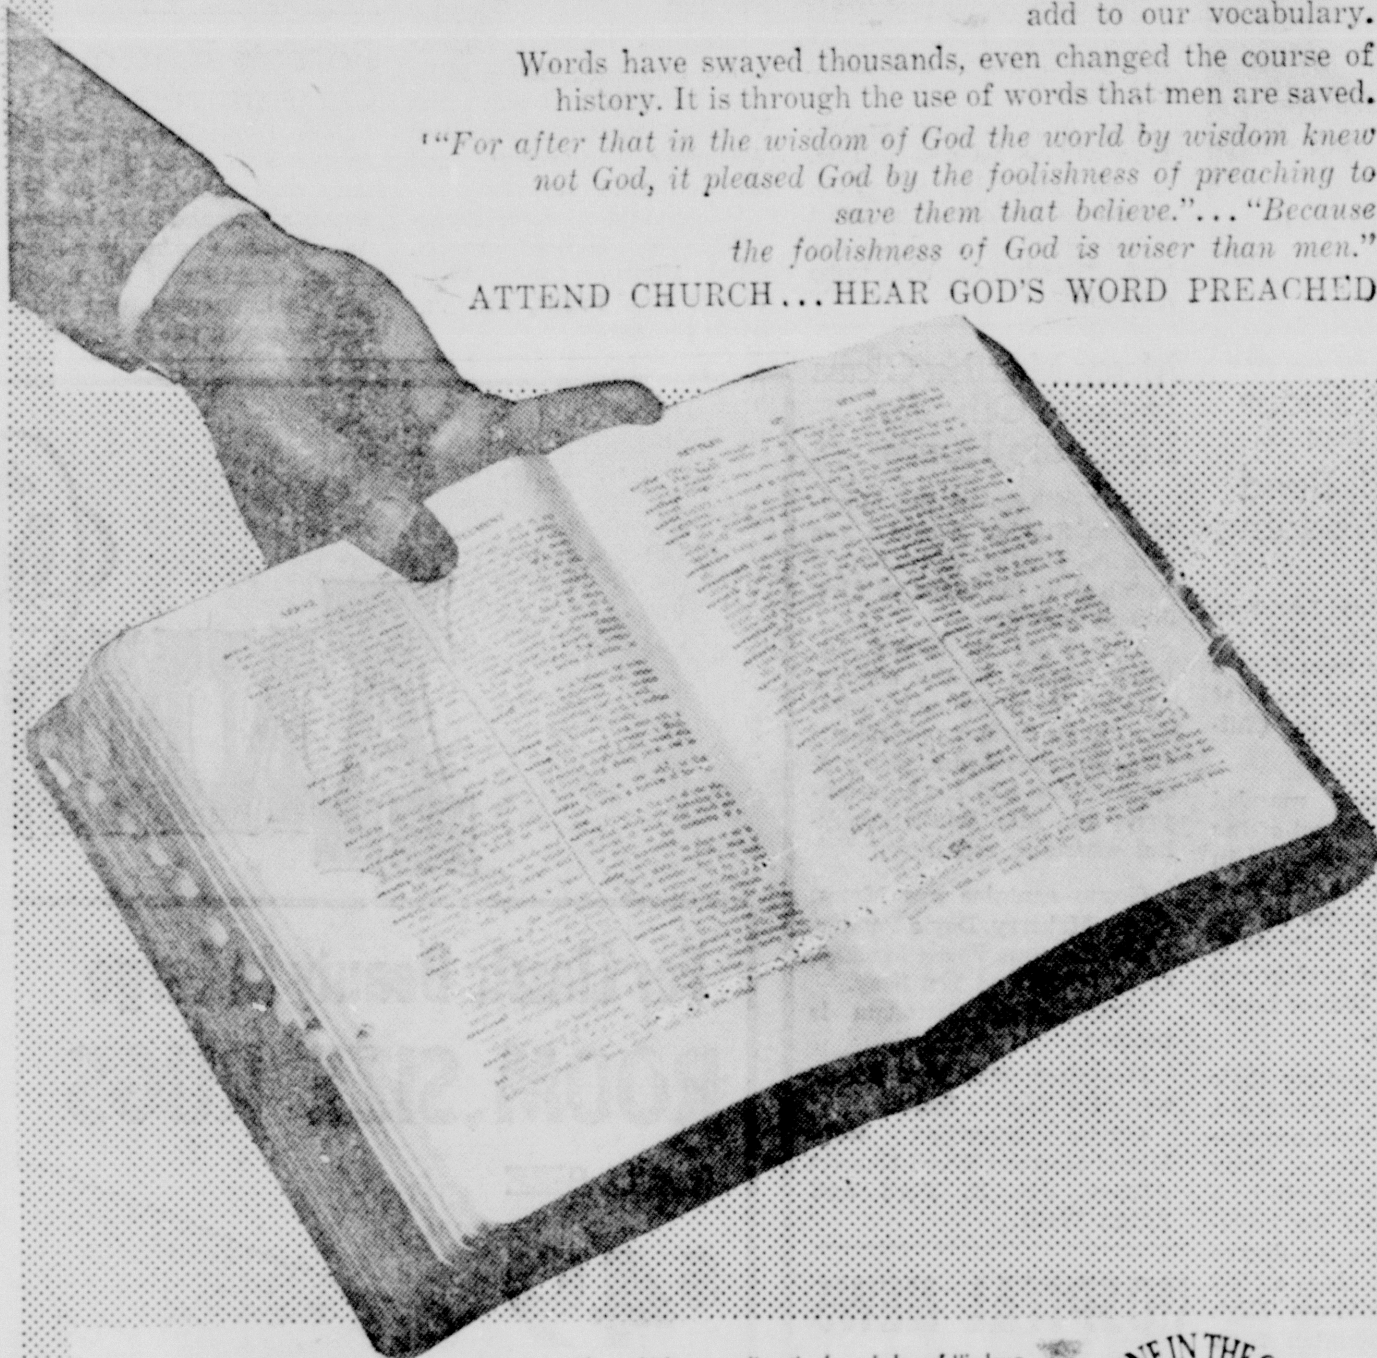

# WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH...HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Neinda Philosopher Sees Vast Possibilities In Trend to Pre-Scuffed Shoes for Teenagers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 tries to broaden a trend, his letter this week indicates.

Dear editor:

According to this newspaper I found on the road near my house yesterday, a manufacturer of tennis shoes dis-

covered that teen-agers, when they buy a new pair, immediately stomp on them, twist them, drag them on the ground, and generally scuff them up to make them look worn, what they call casual. The style is to always have old tennis shoes, never new ones.

Therefore, this manufacturer

is now turning out pre-scuffed tennis shoes. Although brand new, the edges are ragged and a little tattered and bedraggled and, except for the soles, look to be a couple of years old. Kids wear these with pre-faded blue jeans.

I was thinking about this and it seems like a brilliant idea and I would like to see other manufacturers get on top of this new trend. It has great possibilities.

For example, take automobiles. If car manufacturers would turn out the new 1967 models with pre-crumpled fenders, random paint scratches, pre-dented doors, one or two hub caps missing, and such like things to make the cars look casual and lived-in, you have no idea how happy this would make all the people who haven't gotten the dents out of their present cars.

Like it is now, you get a dollar and a quarter dent in a fender and it'll take \$20 to take it out, and twice that to replace a caved-in door, but if we could get people to be happy with a dented fender and crumpled doors to go with scuffed-up tennis shoes and faded blue jeans and over weight drivers, you can see what we could save.

I know a man who is always secretly pleased when his new pickup gets its first dent, because then he can stop worrying about its newness and go ahead and relax and use it for what it was intended.

It's not a radical idea. After all, very few politicians turn up without a few pre-dented fenders and a flaw here and there, a missing hub cap and windshield wipers that sometimes stick. Why not cars?

Yours faithfully,  
J. A.

## C. S. Rigmaiden Completes Marine Combat Training

Marine Private Curtis J. Rigmaiden, son of Rev. C. J. Rigmaiden of 421 S. Central, has completed four weeks of individual combat training here.

During the training period, he received more than 200 hours of instruction in guerrilla warfare, the use of infantry weapons, combat patrols, and sound tactics.

His next assignment is four weeks of basic specialist training to prepare him for a specific job in the Marine Corps. Marines to be assigned to infantry units will be taught sub-specialties such as the technical operation of the machine gun, grenade launcher, or mortar. Those entering highly skilled occupational fields will receive advanced training at resident technical schools.

## County Agent Urges Soil Tests For Best Yields

You can't look at a soil and tell if it is able to supply nutrients for top crop production, remains County Agent Kirby Clayton.

He explains that selection of the proper fertilizer depends upon a knowledge of the nutrient needs of the crop, and nutrient-supplying power of the soil on which the crop is to be grown.

Determining the nutrient needs of crops in comparable in many ways to diagnosing human ills, says Clayton. A medical doctor observes the patient, obtains all information possible by questions, and then makes certain tests.

Similarly, alert farmers can test soil to determine its ability to feed plants a balanced diet. A soil test saves farmers money by showing them how to put the "right" amount of the "right" plant nutrients on the "right" field.

## FROM THE EAGLE'S BEAK . . .

Mrs. Encke, our high school English teacher, came back after being ill for a few days. We were glad to see her back but, we do thank Mrs. Treasure Rector for substituting while she was out.

Charlotte Griffin and Randy Kelly were elected sophomore candidates for the 1966-67 Harvest Queen and King.

The Junior and Seniors finally had their car wash Wednesday. They were pleased with the results.

The grade school football team had an open date this week.

Friday the high school pep squad had planned a hamburger supper after the game; but decided it was too close to Homecoming.

Spurlon Harris and Martin Hernandez gave a pep talk to the team at the pep rally Friday. Each boy put his heart into the talk because they were out to get that first

victory. After they finished, the co-captains, Ricky Jetrey and Bobby Smith, were called to give a speech. Their speech was very affective also.

Those talks must have done some good because our boys plowed through the Central Catholic Chargers, 36-18. As the game was over the Eagle's Victory Bell was ring ng away, the boys and gi ls were screaming and congratulating each other. I'm sure along with all this, there were tears in some eyes that had longed for this first victory.

Now that the Eagles are so full of spirit, they are ready to stomp the next varsity.

Mrs. Merle Turner, a new resident of Hamlin, lives at 24 N. W. Fifth Street. She and her four children, Joni, 9, Mike, 8, Jeff, 6, and Jared, 3, moved here from Aspermont. They were formerly from Ft. Worth. She is a Baptist. Her hobby is bowling.

**GOES IN FOR TOUCHDOWN** — Tailback Sammy Ferguson, right, carries in for the first Hamlin score Friday night against C-City Wolves. Two C-City players, Donnie Higginbotham (20) and Randy Parker (10) try to stop Ferguson at the three yard line.

## Pipers Take Early Lead Over C-City, But Lose In Final Period, 36-12

The injury plagued Pipers stayed in the ballgame with the Colorado City Wolves until the final period when the Wolves scored three touchdowns to take their first district win, 36-12.

The Pipers jumped off to a six point lead early as they recovered a Wolf fumble on the C-City 19 yard line and scored six plays later. The Pipers held on to this lead until late in the second period when the Wolves scored and made it 7-6 with a minute left in the half.

A 44 yard run and a two point conversion put the Wolves further out in front in the third period. The Pipers bounced back after the kick off and drove in to score to close the gap to only three points.

A 51 yard run by Sammy Ferguson set up the Piper score at the two yard line.

The Wolves broke the game open in the final period as they scored on a 59 yard run, set up another with a 45 yard screen pass and tallied on a pass interception on the final play of the game.

The Pipers kicked off to open up their first district contest with C-City taking over on their 20. On the first play the Wolves fumbled with the Pipers covering the ball on the 19. Ferguson carried for gains of two, five and two. Facing fourth and one Joe Adams picked up three to the seven. Adams carried for one more and then Ferguson hit over right tackle for six and

Two unidentified Wolves are on the ground behind the play. Quarterback Bob Clifton (26) is at left. The scoring play was good for six yards and put the Pipers out in front, 6-0, early in the first quarter.

the score. Ferguson tried to make it eight but was stopped short.

The two teams exchanged punts for the balance of the period with the best one being a 60 yard kick by Ferguson that rolled dead on the C-City 20.

The Wolves moved down to the Pipers 23 before a 15 yard penalty killed their drive. The Pipers also suffered a 15 yarder and Milton Davis punted out to the C-City 44.

The Wolves drove the 56 yards to pay dirt in 16 plays with Dan Steakley going around right end for the six yards and the touchdown. Glenn Nix split the uprights for the go-ahead one-pointer.

Four minutes deep in third quarter the Wolves hit pay dirt again with a 44 yard run by Steakley and Nix, on a fake kick, passed to Randy Parker for two points to put the Wolves out in front, 15-6.

Philip Simpson returned the kick off back 25 yards to the Piper 36 from where Ferguson picked up eight yards in two tries and Adams gained the first down with a two yard carry. Adams was stopped for a yard loss and Ferguson was held to no gain before Ferguson ripped off a 51 yard gainer down to the C-City two yard line. Paul Long

### PIPER PATTERN—

## HHS Is Made of Many Things

By Helen Moore  
Tommy Oliver  
Beth Craig

Balloons, posters, skits, sweetharts, and new people, all are a part of Hamlin High.

"Balloons" — a source of income. The National Honor Society is selling balloons that read "Victory — HHS" on Friday afternoons and at each home game.

"Posters" — a source of spirit-building. The Pep Squad sponsored a poster contest last week. The best poster with a theme of "School Spirit" or "Beat Winters" was selected Monday and placed in a special place of honor. The winner was the Senior Class with a poster displaying that "Pipers would rather fight than switch."

"Skits" — a source of humor? Last week the senior Pep Squad members put on a "Little Green Victory" skit at the pep rally. Humorous and to the point, its message was stop the C-City Wolves. Although the Pipers lost Friday night, they showed much spirit and desire. We are backing the Pipers, and we know that they can blitz the Winters Blizzards this Friday.

"Sweetharts" — a source of honor. The band members selected their sweetheart last week. Their selection, Vicki Newland was crowned by Band President, John Osbourn. Vicki, band reporter, is

very active in her class as well as in FHA. Other nominees were Sue Roddy, Margaret Johnson, and Pam Holz. "New People" — a source of new ideas and new friendships. We would like to welcome Judy Barrow and Ricky Waller to Hamlin High. Judy, daughter of Rev. and Mrs. C. G. Barrow, is a sophomore. She moved here from Dallas. Ricky is a freshman and son of Mr. and Mrs. Sam Waller. He last attended school at McCauley.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Have been writing the Fair-view News several years but is the first time to write it in a hospital room. That seems to be as good a place as any for you do not have any work to do, they feed you and wait on you. It is a good place to be when you are sick. Entered last Wednesday, seems as if this is getting to be a habit of mine that I would love to break. Keep having compli-cations from my recent sur-gery, but here is hoping this puts me on the road to a quick recovery.

Rev. D. P. Pattillo, Abilene, filled the pulpit for both ser-vices Sunday morning. Was good to know there was some-one there, even though some of us could not be. He has a wife and three children but one of the little boys got up Sunday morning with the mumps.

Mrs. Flavil Holmes had to come up to the doctor Sunday morning, with a real bad cold, so they missed church.

Linda Goodwin and Betty Daniels went to Abilene Sat-urday to A. C. C., where they took the A. C. T. college tests. Linda is planning on entering Texas Tech next fall, after graduation in the spring.

There was a light frost this morning, being real early, since it is only October 16. It did not kill anything. Farmers are beginning to defoliate cotton, but the rain came early Mon-day morning. We were hoping for their sake that it would stay dry.

The H. L. Ford family, con-sisting of Mr. and Mrs. Ford, Spencer and Diane, Mr. and Mrs. Jodie Ford and Sharon, Mr. and Mrs. John Rackley, Abilene, all went to Childress Saturday night and attended a gift tea for Mr. and Mrs. Reed Lockhoof, who were married recently in Denton. Mrs. Lockhoof is the former Nancy Ford.

Mr. and Mrs. Clyde Whitak-er, former residents of our community, now living be-tween Lubbock and Shallow-water, visited with me in the hospital this morning. Hadn't seen them in a good while and learned they had built them a new home on the south side of the highway. Their daugh-ter, Glenna, and husband,

built them one beside them. They sold their former home to Mrs. Whitaker's brother, Mr. and Mrs. Noble Watson, also former residents of Jones county. They were very happy over the fact that their daugh-ter, Clydene and her family, were moving back to Lubbock from Houston.

Dorothy Gray came down from Amarillo, Monday and stayed until Tuesday, with her parents the Winslow Grays.

Mr. and Mrs. E. A. Henry have a nephew, Aubrey Boyd, from Haskell, in Hendrick Hospital in Abilene, where he had a foot amputated last week.

The rain is falling again this Monday Morning, how-ever unwelcome it may be. As many times as we wish and wish for rain it looks so bad to hate to see it, but enough of anything is enough and we have really had enough.

## NEWS AND VIEWS . . .

### And What Have You

By BOB CRAIG

John Ben Shepperd, president of the West Texas Chamber of Commerce, announced this week that the WTCC plans to embark on a study of the problems of West Texas small towns.

This study, if carried out properly and followed up, could be of tremendous benefit to towns such as ours.

C. L. Cooke, president of Community Public Service Company of Fort Worth has been named to head this Special Task Force. A "blue ribbon" panel of 25 West Texans, to be named shortly, will conduct an in-depth study and evaluation of the problems, resources and potentialities of towns under 12,000 population, according to Shepperd.

"Too many people", Shepperd said, "are willing to write-off small towns but we cannot do this if we want West Texas to grow and prosper."

The study will include exhaustive research, surveys, conferences in Austin and Washington and town hall type meetings and hearings in small towns of West Texas. The hearings will develop ways and means of utilizing existing assets and methods of accentuating the cultural, educational, recreational and industrial opportunities of the smaller towns.

According to Shepperd the Special Task Force is a group for planned action and not an academic study. The group will seek to determine what the small town has and what it is possible for them to have; what assistance is needed, if any, from the State and Federal governments; what the metropolitan areas may do to assist small towns within their spheres of influence; growth patterns of small towns and the reasons for losses or gains; the development of criteria as to what an aggressive small town, with proper leadership, can expect in the way of industrial development, tourism, cultural development, and retention of young people in their community. The study will also evaluate available Federal programs and services as well as those possible aids from the State agencies that will be helpful in attaining the goals set by the individual city.

The results of this study, which will be completed by March 31, will be summarized in a "White Paper" published by WTCC. This publication will be distributed to leaders in small towns for guidance of their action programs and to enable them to utilize their assets.

This is the part that will determine the value of the program. The whole efforts of this committee will be wasted if the leaders at the local level just throw it all aside and forget about it.

According to a news release from the Texas Railroad Association the railroads paid \$20,874 in taxes to the various taxing agencies within the county. Almost half of this went to the various school districts.

It would seem that the area cotton farmers are having their annual battle with the Department of Agriculture over skip-row planting patterns.

The Department has ruled that skip-row penalties in effect for 1966 are also retroactive back through 1962. The ruling has the effect of saying that 2-2 cotton measured as 50 percent cotton in 1962 is no longer counted 50 per cent cotton but is now counted 65 percent cotton in figuring 1967 projected yields because this is the way it is measured today.

The Rolling Plains Cotton Growers is contending that the Department cannot change the rules of the game after the game has started. The Rolling Plains is also being unjustly penalized because we are no longer planting a predominant skip-row penalty pattern. Cotton farmers are now planting two and four cotton which has no penalty.

The ruling by the department has the effect of taking pounds away from Rolling Plains farmers and giving them to non-skip-row farmers in other areas.

The ruling could cost farmers in the 31 counties of the Rolling Plains to lose up to 4 million dollars in price support and diverted acreage payments in 1967.

Fortunately, the Rolling Plains Cotton Growers and the Farmers Union seem to be making progress in getting some help with this ruling.

## County to Open Bids on Courthouse Remodeling Mon.

Bids will be opened Monday, Oct. 31, on making repairs to the Jones County courthouse.

Judge Leon Thurman said Monday that three alternates would be set out. One would be for pointing the sandstone trim, one for pointing the brick and the third for waterproofing the entire exterior.

## Special Fund Started Here for Hillie McCanlies After Surgery

A special fund was started this week for Hillie McCanlies, a patient in John Sealy Hospital in Galveston.

Mr. McCanlies, an employee of Rockwell Brothers for many years, was taken to Galveston a week ago Sunday. His wife joined him last Sunday.

Surgery Tuesday was not successful as the surgeons were not able to insert the plastic tubing as planned to aid in the flow of blood to his legs, which had been the cause of his illness of several weeks.

The fund has been set up by friends at Farmers and Merchants National Bank as the Hillie McCanlies Fund. Donations may be deposited

at the bank or left with Wesley Nail at Turner Nail Insurance Agency; Mrs. A. B. Maynard, a neighbor at 328 S. W. Ave. B; or Howard Drug Co.

Mr. McCanlies will be hospitalized for about 10 days until the incision heals and then will be an out patient for approximately six weeks, according to a report received Tuesday.

Their daughter, Mrs. Cleo Pettit, and their son, Gerald McCanlies of DeLeon are in Galveston.

Mrs. McCanlies and her two children are here from DeLeon staying with Mrs. Pettit's daughter, Treva Jo, at the McCanlies home.

## Pipers Travel to Winters For Second District Game

The Pipers, still smarting from their fourth quarter loss to Colorado City last week, will travel to Winters Friday night to take on the Blizzards. It will be the second district game for both teams with Winters owning a 31-3 win over Haskell.

Colorado City scored three touchdowns in the fourth period here Friday night to beat the Pipers 36-12.

Joe Youngblood said this week that he expects to have most of his players back this week for at least limited service.

Philip Simpson, who saw only limited action last week, is expected to be ready for this week. Larry McCoy and Lewis Shelton, who both missed last week's game are being counted on for some action this week.

Youngblood is also moving up Raymond Morales from the B Team to help fill out some of the gaps in the lineup.

### MISSIONARY BAPTIST PRACTICES AND BELIEFS

In brief the Calvary Baptist Church believes:

1. Salvation by grace without any admixture of works. Eph. 2:8-10 Rom. 4:4-5, Rom. 11:6, Titus 3:5.
2. Congregational form of church government, the church being autonomous. Matt. 18:15-19.
3. Christ as the sole head over the church. Mark 12:10, Eph. 1:21-23.
4. Immersion as the scriptural mode of Baptism Acts 8:38-39 Romans 6:4.
5. The right of private judgment in the interpretation of the scripture. 2 Tim. 2:15 John 5:39.
6. The Scriptures as the only written authority in religious affairs. 2 Tim 3:16-17.
7. Freedom of worship, of conscience and of speech. Heb. 10:25 Matt. 20:25-28.
8. Separation of Church and State. Luke 20:21-25.
9. The individual priesthood of all believers. Heb. 4:14-16, Rev. 5:10, John 14:13.
10. The commission of the church to carry the gospel throughout all the world and its existence on earth from His day until He comes again. Matt. 28:19-20 Matt. 16:18.

We invite everyone to attend our services, examine our doctrines and practices, and unite with us in an effort to evangelize Hamlin and the world. Call Carrell Watkins, pastor of the Calvary Baptist Church, for further information. Ph. SP 4-1792. (Adv.)

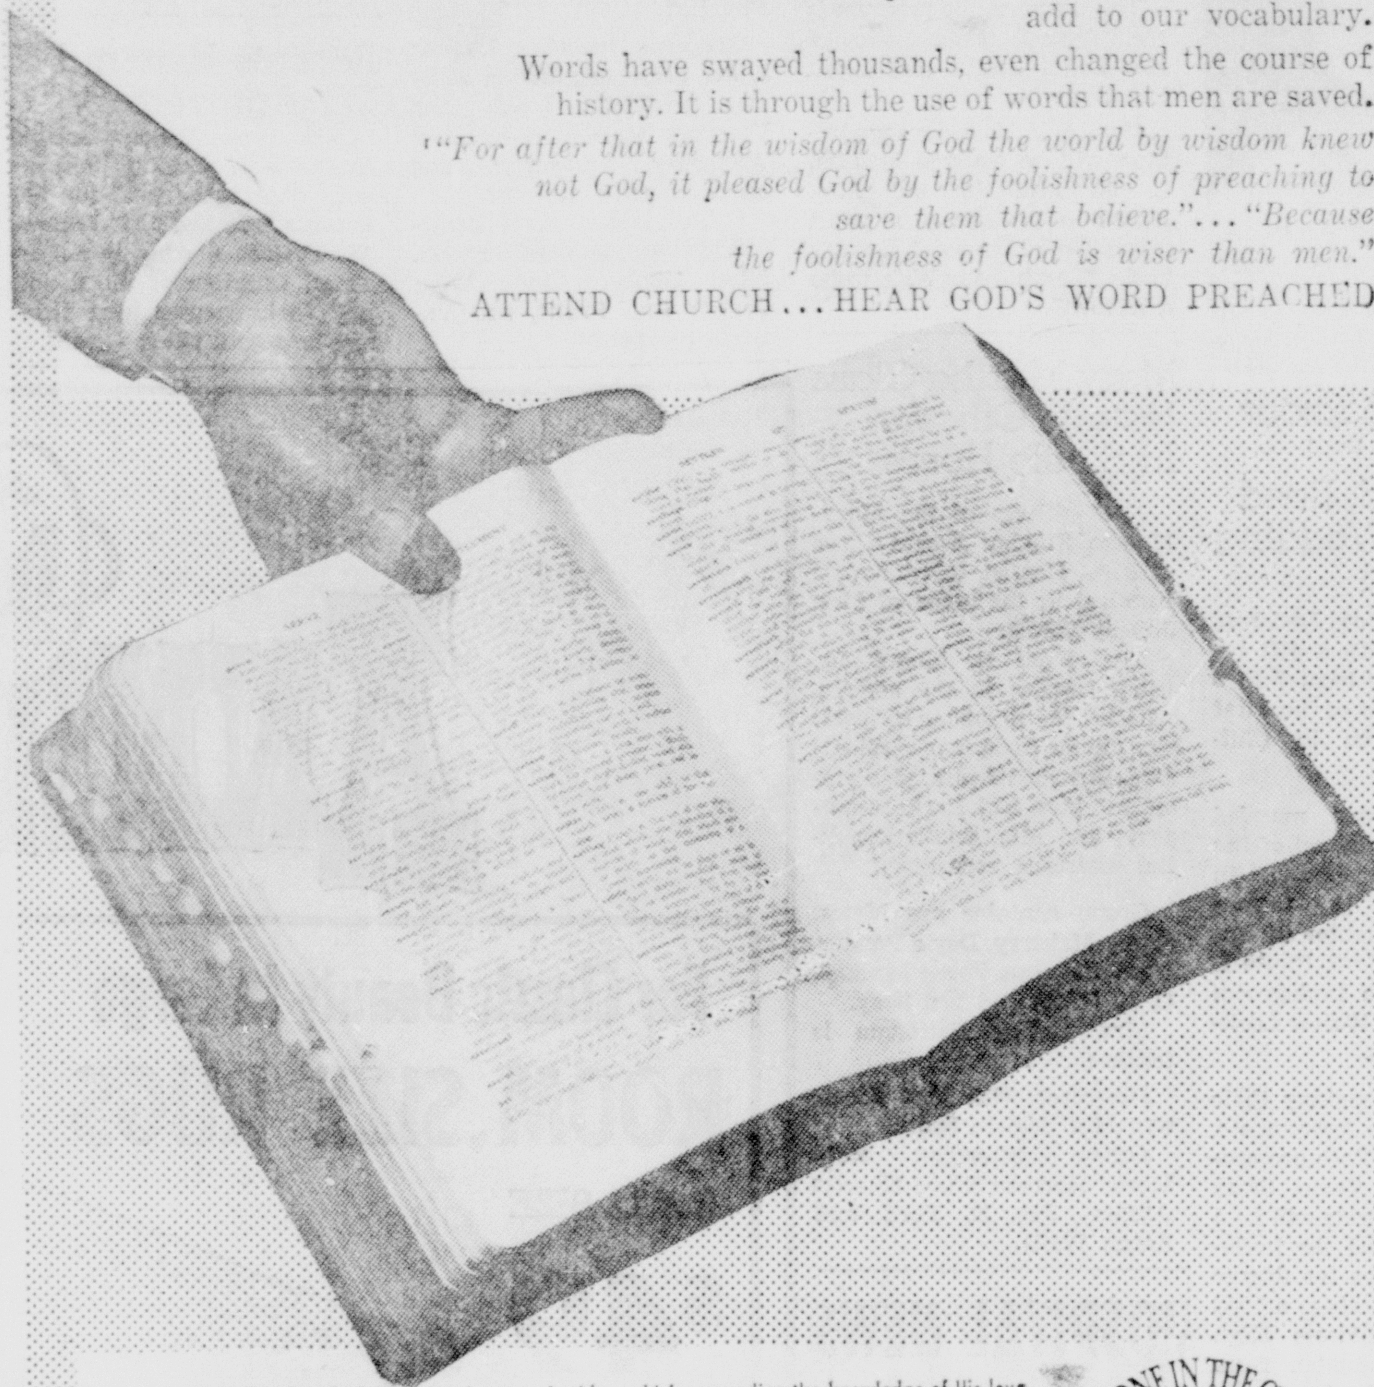

## WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH... HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## Neinda Philosopher Sees Vast Possibilities In Trend to Pre-Scuffed Shoes for Teenagers

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 tries to broaden a trend, his letter this week indicates.

Dear editor:

According to this newspaper I found on the road near my house yesterday, a manufacturer of tennis shoes discovered that teen-agers, when they buy a new pair, immediately stomp on them, twist them, drag them on the ground, and generally scuff them up to make them look worn, what they call casual. The style is to always have old tennis shoes, never new ones.

Therefore, this manufacturer is now turning out pre-scuffed tennis shoes. Although brand new, the edges are ragged and a little tattered and bedraggled and, except for the soles, look to be a couple of years old. Kids wear these with pre-faded blue jeans.

**STATE CAPITAL Highlights AND Sidelights**  
by Vern Sanford

Austin — Gov. John Connally soon will be making his decisions on state spending and tax recommendations.

His budget staff is rushing to completion a tentative budget and revenue bill for presentation to the governor by the end of the month.

Word is that the revenue measure, contrary to early speculation, does NOT call for any upward revision in the state's basic two per cent general sales tax rate. It may include a gasoline tax increase, college tuition boost and adding alcoholic beverages to the sales tax.

Money requests from departments and agencies, totaling \$1,200,000,000, are being trimmed considerably. Best estimates indicate the tentative budget presented for Connally's review will require less than \$200,000,000 in new money.

Governor's proposals definitely will contain some form of financial relief for cities, but not the 50-50 split in new state revenues they are asking.

Connally's spending programs may be restrained by these factors:

Possibility of a substantial federal tax raise next year and the chance of future sharing of surplus U. S. income with state governments on an unrestricted grant basis.

A public school study by the governor's committee almost certainly will call for adjustments in the cost load of the educational system, and final recommendations will not be known for two years.

A metropolitan areas study conceivable could result in proposals for sweeping alterations in local government finance procedures.

Water Amendment — Governor Connally has launched a campaign for adoption of Constitutional Amendment No. 11.

Amendment would do three things: double the Texas Water Development Fund (from \$200,000,000 to \$400,000,000); and permit use of the Fund for construction by the Texas Water Development Board of water treatment and transportation facilities.

About 150 leaders of state and local water governing agencies and other interested citizens attended the meeting and elected former Gov. Price Daniel of Liberty chairman of a steering committee to seek voter approval of the Proposition.

On another front, the Water Development Board announced that it will ask for an emergency appropriation of \$625,000 from the Legislature to complete the water planning work to bring the Texas Water Plan to completion in about six months.

For example, take automobiles. If car manufacturers would turn out the new 1967 models with pre-crumpled fenders, random paint scratches, pre-dented doors, one or two hub caps missing, and such like things to make the cars look casual and lived-in, you have no idea how happy this would make all the people who haven't gotten the dents out of their present cars.

Like it is now, you get a dollar and a quarter dent in a fender and it'll take \$40 to take it out, and twice that to replace a caved-in door, but if we could get people to be happy with a dented fender and crumpled doors to go with scuffed-up tennis shoes and faded blue jeans and over weight drivers, you can see what we could save.

I know a man who is always secretly pleased when his new pickup gets its first dent, because then he can stop worrying about its newness and go ahead and relax and use it for what it was intended.

It's not a radical idea. After all, very few politicians turn up without a few pre-dented fenders and a flaw here and there, a missing hub cap and windshield wipers that sometimes stick. Why not cars?

Yours faithfully,  
J. A.

## FROM THE EAGLE'S BEAK . . .

Mrs. Encke, our high school English teacher, came back after being ill for a few days. We were glad to see her back but, we do thank Mrs. Treasure Rector for substituting while she was out.

Charlotte Griffin and Randy Kelly were elected sophomore candidates for the 1966-67 Harvest Queen and King.

The Junior and Seniors finally had their car wash Wednesday. They were pleased with the results.

The grade school football team had an open date this week.

Friday the high school pep squad had planned a hamburger supper after the game; but decided it was too close to Homecoming.

Spurlon Harris and Martin Hernandez gave a pep talk to the team at the pep rally Friday. Each boy put his heart into the talk because they were out to get that first

victory. After they finished, the co-captains, Ricky Jetray and Bobby Smith, were called to give a speech. Their speech was very effective also.

Those talks must have done some good because our boys plowed through the Central Catholic Chargers, 36-18. As the game was over the Eagle's Victory Bell was ringing away, the boys and girls were screaming and congratulating each other. I'm sure along with all this, there were tears in some eyes that had longed for this first victory.

Now that the Eagles are so full of spirit, they are ready to stomp the next varsity.

Mrs. Merle Turner, a new resident of Hamlin, lives at 24 N. W. Fifth Street. She and her four children, Joni, 9, Mike, 8, Jeff, 6, and Jared, 3, moved here from Aspermont. They were formerly from Ft. Worth. She is a Baptist. Her hobby is bowling.

**GOES IN FOR TOUCHDOWN** — Tailback Sammy Ferguson, right, carries in for the first Hamlin score Friday night against C-City Wolves. Two C-City players, Donnie Higginbotham (20) and Randy Parker (10) try to stop Ferguson at the three yard line.

Two unidentified Wolves are on the ground behind the play. Quarterback Bob Clifton (26) is at left. The scoring play was good for six yards and put the Pipers out in front, 6-0, early in the first quarter.

## Pipers Take Early Lead Over C-City, But Lose In Final Period, 36-12

The injury plagued Pipers stayed in the ballgame with the Colorado City Wolves until the final period when the Wolves scored three touchdowns to take their first district win, 36-12.

The Pipers jumped off to a six point lead early as they recovered a Wolf fumble on the C-City 19 yard line and scored six plays later. The Pipers held on to this lead until late in the second period when the Wolves scored and made it 7-6 with a minute left in the half.

A 44 yard run and a two point conversion put the Wolves further out in front in the third period. The Pipers bounced back after the kick off and drove in to score to close the gap to only three points.

A 51 yard run by Sammy Ferguson set up the Piper score at the two yard line.

The Wolves broke the game open in the final period as they scored on a 59 yard run, set up another with a 45 yard screen pass and tallied on a pass interception on the final play of the game.

The Pipers kicked off to open up their first district contest with C-City taking over on their 20. On the first play the Wolves fumbled with the Pipers covering the ball on the 19. Ferguson carried for gains of two, five and two. Facing fourth and one Joe Adams picked up three to the seven. Adams carried for one more and then Ferguson hit over right tackle for six and

the score. Ferguson tried to make it eight but was stopped short.

The two teams exchanged punts for the balance of the period with the best one being a 60 quick kick by Ferguson that rolled dead on the C-City 20.

The Wolves moved down to the Pipers 23 before a 15 yard penalty killed their drive. The Pipers also suffered a 15 yarder and Milton Davis punted out to the C-City 44.

The Wolves drove the 56 yards to pay dirt in 16 plays with Dan Steakley going around right end for the six yards and the touchdown. Glenn Nix split the uprights for the go-ahead one-pointer.

Four minutes deep in third quarter the Wolves hit pay dirt again with a 44 yard run by Steakley and Nix, on a fake kick, passed to Randy Parker for two points to put the Wolves out in front, 15-6.

Philip Simpson returned the kick off back 25 yards to the Piper 36 from where Ferguson picked up eight yards in two tries and Adams gained the first down with a two yard carry. Adams was stopped for a yard loss and Ferguson was held to no gain before Ferguson ripped off a 51 yard gainer down to the C-City two yard line. Paul Long

## HHS Is Made of Many Things

By Helen Moore  
Tommy Oliver  
Beth Craig

Balloons, posters, skits, sweethearts, and new people, all are a part of Hamlin High.

"Balloons" — a source of income. The National Honor Society is selling balloons that read "Victory — HHS" on Friday afternoons and at each home game.

"Posters" — a source of spirit-building. The Pep Squad sponsored a poster contest last week. The best poster with a theme of "School Spirit" or "Beat Winters" was selected Monday and placed in a special place of honor. The winner was the Senior Class with a poster displaying that "Pipers would rather fight than switch."

"Skits" — a source of humor? Last week the senior Pep Squad members put on a "Little Green Victory" skit at the pep rally. Humorous and to the point, its message was stop the C-City Wolves. Although the Pipers lost Friday night, they showed much spirit and desire. We are backing the Pipers, and we know that they can blitz the Winters Blizzards this Friday.

"Sweethearts" — a source of honor. The band members selected their sweetheart last week. Their selection, Vicki Newland was crowned by Band President, John Osbourne. Vicki, band reporter, is

very active in her class as well as in F.H.A. Other nominees were Sue Roddy, Margaret Johnson, and Pam Hol z. "New People" — a source of new ideas and new friendships. We would like to welcome Judy Barrow and Ricky Waller to Hamlin High. Judy, daughter of Rev. and Mrs. C. G. Barrow, is a sophomore. She moved here from Dallas. Ricky is a freshman and son of Mr. and Mrs. Sam Waller. He last attended school at McCaulley.

## SYLVESTER NEWS...

By Mrs. R. M. Babb  
Cool and raining this morning, and we had a light frost on Sunday morning but they tell me it won't kill if the moon isn't shining and it wasn't so guess that is the reason that it didn't hurt anything. Watch out, it will be coming.

Mr. Buddy Evans of McCauley had the first bale of cotton to be ginned at the Co-op Gin at Sylvester on Monday Oct. 10. I understand he got the ginning free and I am not sure if he will receive any bonus. They have ginned a number of bales since then.

Rev. Kenneth Leverett and family, Mrs. W. B. Brown, Mr. and Mrs. Med Herron represented the Sylvester Baptist Church at Cross Roads on Tuesday at the Annual Meeting.

Mrs. R. M. Babb, Kay Cleveland and Mrs. Nona Thompson represented the West Side Baptist of Roby at the Annual Meeting.

Mrs. Woodrow Lawlis and Mrs. W. B. Brown, Mr. Woodrow Lawlis and Bro. Leverett visited on Thursday night inviting people to attend church.

Mrs. Raymond Griffin has returned home from California

and reports she had a grand time. I think Raymond and the children were very happy to see her.

Mr. and Mrs. C. B. Lambert have moved into the A. J. Ford house here in town.

There is a new young man in the Chub Hardwick home. He arrived last Friday night about 8 p. m. at Hamlin Hospital weighing in at 6 lbs. and 14 ozs. As yet he hasn't been named, congratulations to the Mom and Dad.

Mrs. FitzSimmons of Brownwood is spending a few days in the home of her parents, Mr. and Mrs. Richard Green.

Mr. and Mrs. Wesley Ma-berry and girls moved to Irving over the weekend. They have been living in Sweetwater.

Mr. and Mrs. Woodford Pur-sley drove to Midland and Big Spring over the weekend, Lorena to baby sit with her grandchildren at Big Spring and Woodford to help the Raymond Wood's put a new roof on their house.

Mrs. Curtis Stevenson and grandson, Ricky, came over from Anson and spent the day with her parents, the Edgars Harris and with some of her friends.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Have been writing the Fairview News several years but is the first time to write it in a hospital room. That seems to be as good a place as any for you do not have any work to do, they feed you and wait on you. It is a good place to be when you are sick. Entered last Wednesday, seems as if this is getting to be a habit of mine that I would love to break. Keep having complications from my recent surgery, but here is hoping this puts me on the road to a quick recovery.

Rev. D. P. Pattillo, Abilene, filled the pulpit for both services Sunday morning. Was good to know there was someone there, even though some of us could not be. He has a wife and three children but one of the little boys got up Sunday morning with the mumps.

Mrs. Flavil Holmes had to come up to the doctor Sunday morning, with a real bad cold, so they missed church.

Linda Goodwin and Betty Daniels went to Abilene Saturday to A. C. C., where they took the A. C. T. college tests. Linda is planning on entering Texas Tech next fall, after graduation in the spring.

There was a light frost this morning, being real early, since it is only October 16. It did not kill anything. Farmers are beginning to defoliate cotton, but the rain came early Monday morning. We were hoping for their sake that it would stay dry.

The H. L. Ford family, consisting of Mr. and Mrs. Ford, Spencer and Diane, Mr. and Mrs. Jodie Ford and Sharon, Mr. and Mrs. John Rackley, Abilene, all went to Childress Saturday night and attended a gift tea for Mr. and Mrs. Reed Lockhoof, who were married recently in Denton. Mrs. Lockhoof is the former Nancy Ford.

Mr. and Mrs. Clyde Whitaker, former residents of our community, now living between Lubbock and Shallow-water, visited with me in the hospital this morning. Hadn't seen them in a good while and learned they had built them a new home on the south side of the highway. Their daughter, Glenna, and husband,

built them one beside them. They sold their former home to Mrs. Whitaker's brother, Mr. and Mrs. Noble Watson, also former residents of Jones county. They were very happy over the fact that their daughter, Clydene and her family, were moving back to Lubbock from Houston.

Dorothy Gray came down from Amarillo, Monday and stayed until Tuesday, with her parents the Winslow Grays.

Mr. and Mrs. E. A. Henry have a nephew, Aubrey Boyd, from Haskell, in Hendrick Hospital in Abilene, where he had a foot amputated last week.

The rain is falling again this Monday Morning, however unwelcome it may be. As many times as we wish and wish for rain it looks so bad to hate to see it, but enough of anything is enough and we have really had enough.
